StayinFront Training Program

StayinFront provides each Partner with a series of training activities. This is to assist the Partner in sales, services and support.

Indicate how many of your staff will complete each StayinFront training module:

Product Sales Training

Product Support Training

Product Services Training

Translation of StayinFront Marketing Materials

StayinFront will provide each Partner with marketing materials in “MS Word Document” format, written in ENGLISH. The Partner is expected to modify each document into the local language of the territory.

Confirm the language(s) your organisation is willing and able to translate:

Your Go-To-Market Strategy

Brief description of how your organization will take StayinFront to market within your territory (target customers, method of approaching & introducing StayinFront).

Please submit the form:

Alan El-Kadhi

Director of Global Channel Partner Development
